

**POLYURETHANE**  
MACHINERY CORPORATION

# PREMIER X

HYDRAULIC PROPORTIONER FOR  
POLYUREA COATING APPLICATIONS

**PREMIER X** is the most technologically advanced high pressure proportioner in the PMC lineup.

**PREMIER X** puts you in complete control with intuitive design and remote capabilities

Ideal for use in high output coating applications.

## PMC RELIABILITY MEETS THE FUTURE OF PLURAL COMPONENT PROPORTIONERS

### KEY FEATURES:

- Output of **2.8 gal./min.** and **3500 psi**
- User management and traceability features
- Intuitive **Touchscreen dashboard** - all controls at your fingertips
- Chemical Management display insures that ratio, temperature and pressures are accurate
- Reporting software captures **data in real time** and can email daily reports
- Saves all historical data and alarms
- On-screen technical support
- Web enabled for **Remote Access** anywhere there is a signal

MACHINERY CORPORATION

# PREMIER X

## Premier X High Pressure Proportioner

for high output coatings applications such as waterproofing, decking and protective liners.

**Remote access** the proportioner from any web enabled device without the need to download an app.

On-screen **Technical Support View** displays raw data to help diagnose issues.

## Chemical Management

**Display** ensures that ratio, temperature and pressures are accurate on both sides.

**Reporting Software** captures data in real time and displays a graph for easy-to-see results. Reports can be emailed directly from the machine.

## TECHNICAL DATA

MODEL **Premier X**

Output.....2.8 gal./min (10.59 lt/min)

Max. Working Pressure.....3500 psi (241 bars)

Max. Hose Length.....410 ft. (125 m)

Heater Wattage .....21,000 watts

Hose Heating Power .....120 V

Max. Fluid Temp ..... 190 °F (87.7 °C)

Weight (Empty Hydraulic Tank) .. 670 lbs (304 kg)

Weight (Full Hydraulic Tank)..... 844 lbs (383 kg)

Electrical @ 18KW Heaters ..... 83 A-18,000 W htr.

Dimensions (W x D x H) .....40in x 30in x 55in  
(102cm x 76cm x 140cm)

## ORDERING INFORMATION

Part #...Description

**PREMIER X**

203716....PRMRX,5HP,220V,3PH,RV,120T,21K

*\*Output measured with mineral oil*

## PMC LEGEND FOR MACHINE DESCRIPTIONS

**PH-2**...Machine Series

**3HP**.....Horsepower (3hp, 5hp, 7.5 hp)

**230V**...Voltage (230v, 380v or 460v)

**1PH**.....Phase (Single or Three)

**RV**.....Recirculation Values

**90T**.....Transformer Size (30V, 70V, 90V, 120V)

**10KW**.....Heater Wattage

**1M**.....Inlet Monitoring

**PCB**.....Pressure Balance Control

**DURABLE. RELIABLE. SMARTER.**
